Experience

SELF-TAUGHT DEVELOPER
Mar 2025-current

- Gained foundational knowledge in HTML, CSS, and JavaScript, with consistent practice since March 2025.

- Built and styled projects using React, TypeScript, and Tailwind CSS, including a deployed personal portfolio website.

- Actively developing skills in front-end frameworks, state management, and backend fundamentals through hands-on projects.

GENERAL MAINTENANCE
ROANOKE COLLEGE
Jan 2022 - current

- Adapted quickly to a new field, developing strong problem-solving, communication, and efficiency skills.

- Resolved diverse daily challenges across campus facilities, requiring quick assessment, prioritization, and execution.

- Maintained perseverance and focus under pressure while addressing recurring and complex issues.
